What makes this event different?

1. Support and Guidance – We offer an atmosphere where students feel supported, so that they can make the right choices about their future career and education. They will have time to speak in person to exhibitors and gain detailed advice. We aim to ensure that students leave our fairs feeling empowered and inspired.

2. Timing – This event means that Year 13s can receive vital application support directly before they are required to submit their applications and make important choices. The event is also ideal to inspire Year 12s and 11s who are starting to make decisions about their post 18 education and career choices.

3. Venue – Sports Stadiums offer a more exciting alternative to help inspire students.

4. Personalised guides – We offer free university guides to students (as well as important dates academic calendars) many of the articles are written by students to provide real first hand advice.

5. Teachers and Coordinators – We listen. This is the key to our events' success. Your comments and suggestions will be taken on board and implemented. We also ensure that teachers are looked after on the day by providing them with their own area with free teas/coffees and lunch.

"We found the event and seminars really helpful. Students who attended all went away enthused and inspired. They managed to speak to a range of exhibitors and took away some invaluable information relating to personal statements and student finance, which they received first hand (instead of just another school presentation). Thank you."

Philip Jones – Careers - Wilmslow High School

"Thank you for all of your help organising the event. There are now a number of our students who are now considering going to uni who hadn't even thought it would be possible so thank you."
